Failure Is Not An Option
Failure Is Not an Option is a phrase associated with Gene Kranz and the Apollo 13 Moon landing mission. Although Kranz is often attributed with having spoken those words during the mission, he did not. The origin of the phrase is from the preparation for the 1995 film Apollo 13 according to FDO Flight Controller Jerry Bostick: "In preparation for the movie, the script writers, Al Reinert and ...

Failure Is Not an Option: Mission Control From Mercury to ...
This "failure is not an option" credo was perfect for the life and death situation that NASA was facing. Failure meant that the astronauts on Apollo 13 would never come home, and that outcome was unacceptable. Attending college, on the other hand, shouldn't be a life or death experience, though it sometimes might feel like one.
