In 2007 Honda released Honda Manual Transmission Fluid, P/N 08798-9031 which is backwards compatible.

Manual transmission flush question | Honda Element Owners Club

If you can change your oil then you're more than equipped to handle the transmission fluid. The only trick is getting the new fluid into the transmission - to do it you'll need a fluid pump to pump the fluid up and into the transmission. You can pick one up online or buy one from any local auto part store. In this guide I used Pennzoil Synchronmesh based on several recommendations
