component is Create!form for JDE OneWorld which is installed on the form designer's workstation. Completed form resources are transferred to the e-forms server where Create!form server for JDE OneWorld has already been installed.

User guide - Bottomline

The earliest version of the JDE ERP

Online Library Jde One World User Guide

software was JD Edwards World. This 1980s release focused on accounting and was server-centric. Businesses would use the ERP technology leveraging IBM's green screen. In 1996 the company upgraded the software to JD Edwards One World which used a graphical user interface and Configurable Network Computing (CNC).

Online Library Jde One World User Guide

The next years saw a robust evolution in the software, including a web-based client rollout in 2001.
