Tic-tac-toe is a game that has some advantages—it's easy to learn, requires only paper and a pencil, and doesn't take long to play. But the game has the disadvantage of getting boring pretty fast. Don't give up on it. Try these variations, all of which give kids (even adults) a chance to think strategically in new ways.

### Math Reads From Marilyn Burns: Grade 3 - Math Solutions

Good Questions for Math Teaching is a Math Solutions book that has long been one of my favorites. It's a resource that I dip into when I feel the need for something fresh. And it speaks directly to our current shelter-in-place coronavirus crisis as many of us look for ways to mathematically engage students online, children at home, or both.
